

Milk Awards 2018

Results from the milk tests done in 2018.

I do appreciate the patience of everyone waiting for these results. Subsequent years will be completed soon. Here is a list of does and their owners who earned their milk award for the first time with NDGA in 2018.

These are the does who earned their milk award on a 305 Day Milk Test in LBS or BF%

Congratulations go out to the Alecock family for winning the 2018 **NDGA Heritage Milk Producers Award**. Here are the names of the does and their awards

Two Dogs Farm JJ Jane 2*DD
 Two Dogs Farm CED Stella Luna *DD
 Two Dogs Farm HD Amelia *DD
 Two Dogs Farm CED Maggie 2*DD

The Alecock Family will receive a certificate and \$100 with our sincere congratulations. Will you be next to win this award?

Requirements to be eligible for the Heritage Milk Producers Award.

Must be a member in good standing with NDGA.

Have the most does in your herd name to earn a milk award with NDGA, ODT or 305 for the first time in 2018.

Does used in determining this award may not have been used in prior years for calculating the Heritage Milk Producers Award. Does do not have to be owned by the breeder and may be owned by any NDGA member in good standing.

It is possible to transfer stars from other registries. Please contact me for a list of required items to accomplish this. I will be glad to help you.

Please remember the dates for milk testing are from Jan 1 to December 31. All paperwork is to be submitted to me by March 31 for the previous lactation year. Example. All 2021 Lactations completed must be received by March 31, 2022 to be included in Top Ten and most importantly, to qualify for the Heritage Milk Producers Award (HMPA). If you submit paperwork after the March 31st deadline, your doe will still earn her award but will not be eligible for Top Ten or the Heritage Milk Producers Award

If you have any questions **PLEASE** contact me,
